DIGITAL MAMMOGRAPHY

SEMINARS NOW AVAILABLE

On the Saturday following each of our initial training in mammography courses, we offer an 8 hour digital mammography seminar. This one day digital seminar satisfies the FDA mandated hours of initial training in full field digital mammography for technologists and radiologists. You may attend either the 4 day initial training in mammography course, or the 1 day digital mammography seminar, or both! There is a discount provided for the digital seminar to those attending both courses. For a Digital Mammography Program brochure please visit our website at www.achievingqi.com or call 1-616-225-9711.

OVERVIEW OF THE INITIAL MAMMOGRAPHY TRAINING SEMINAR

This comprehensive 4 day Mammography Seminar will cover all aspects pertaining to MQSA training for the x-ray technologist interested in cross training into mammography. This seminar is an excellent Mammography Board Review Course for those mammographers planning to take the boards in the near future. The course is approved by the ASRT for 32 hours of Category A credit. You will meet the "initial training" requirements for technologists under the Mammography Quality Standards Act (MQSA) with 27.5 ASRT credits and 25 supervised mammograms performed at your facility or ours. If you are from California, receive all 40 credits by attending the full 5 day course. You should attend if you need to meet the MQSA requirements and if you plan to take the Mammography Registry in the near future.

COMMENTS FROM PREVIOUS ATTENDEES

"The overall program was excellent! Having done a bit of mammography, it was great to be able to put everything I had learned together and into perspective. Kathy and Shelly were great instructors that brought mammo alive, and into the real world!"

Derecka Richardson - Nassau, Bahamas

"I couldn't have picked a better course to attend. The instructors, the lecturers, the positioning class all exceeded my expectations! AQI does a wonderful job making everyone feel comfortable and involved. This was a GREAT experience...thank you!"

Danielle Roman - New Middletown, OH

"Amazing conference! Extremely informative, feel completely prepared to venture into the world of mammography!"

Jen Tetneault - Pawtucket, RI

"The instructors were awesome! The seminar was very informative and not at all boring! I was really nervous about having to take another registry, but am leaving here very confident and reassured that I will do well!"

Jennifer Vanderwyst - Olmsted Falls, OH

"Wonderful course! Both Shelly and Kathy were awesome in explaining all the information! Both are very passionate and exciting people!"

Kari Nilson - Creighton, NE

Wonderful seminar and a great group of women to learn from! Very knowledgeable and willing to share all they know. I would definitely send co-workers to this seminar! I highly recommend it!"

Beth Sullivan - Nokomis, IL
